U.S. Economy Grew at 2.6 Percent Rate in Fourth Quarter

*February 28, 2019
The Sacramento Bee*

The U.S. economy slowed in the final three months of last year to an annual growth rate of 2.6 percent, the slowest pace since the beginning of 2018, as various factors including the government shutdown took a toll on growth. Economists believe growth has slowed even more in the current quarter.
